Sir,

With reference to your docket No R 3766 dated 26th ultimo, calling for a report in regard to the present establishment, &c, of the Mysore Spinning and manufacturing Co Limited under mortgage to Government, and requesting whether the Deputy Commissioner will undertake to have this mortgaged property

taken

taken care of, and if so, at what cost. I have the honor to state that the Amildar of Bangalore reports that the marginally noted establishment is found to be maintained at present for watching the Mill property and machinery.

1 Secretary	Rs 200	
1 Clerk	47	
1 Foreman	50	
4 Fitters	12	
1 Carpenter	10	
4 Watchmen	23	
2 Police men	21-4-10	
Total	363	4-10.

(2) The retention of a costly secretary Drawing Rs 200/ per mensem is evidently superfluous, seeing that there is no work at all for him at present. There are about 22 thousand rupees worth of stores in the premises of which a detailed account is kept. They seem to require constant attention in order to preserve them from deterioration. The machinery requires oiling twice or thrice a week

and Two Trained men are indispensable for turning them every day. For prevent rusting, &c. I would therefore keep on the Mk, fitter and the Cooly of whom the last two are reported to be experts in handling the machinery. The Mk may be in immediate charge of the mill property subject to the Supervision of the Deputy Commissioner and his subordinate officers. Two watchers and two policemen are absolutely necessary for watching the mill day and night. I beg to submit herewith a proposition Statement showing the proposed establishment. If my suggestion is approved

and

Danetowned, it will effect a clear saving of Rs 276/ per mensem under the present state of the mill.

I have the honor to be,

Sir,

Your most obedient Servant

Sir,

In continuation of our letter of the 10th March we have the honor to inform you that for want of funds the Company is no longer in a position to defray the wages of the Establishment in Bangalore; consequently no payment has been made since January last. The Building also requires repairs to protect the machinery against the encroaching rains. We therefore request that the Government may be pleased to take such steps, as they as Mortgagees of the property, think proper to safeguard their interests.

Sir,

In continuation of my letter No R 4462 dated 9th instant in connection with the affairs of the Mysore Spinning & Manfg Coy Ld. Bangalore, I am directed to state for the information of the Hon'ble the Resident in Mysore, that the agents of the Company requested the Durbar in March last to send them a draft for Rs 1000/- for paying the

wages of the watchmen and attendants &c employed to look after the Mill property and machinery under mortgage to Govt, as the Company had absolutely no funds in its hands for payment. The Agents again pressed for payment of the amount on the ground that the Establishment had not been paid since January last, and urged that the building required repairs to protect the machinery against the rains.

In order to guard against further loss, the Durbar has been compelled to sanction an advance of Rs 1,000/ to be made to the Company's agents.
